3. ACTION ITEMS

A. SOUTHERN SECTION ACTION ITEMS

1. Releaguings Appeal Hearings

A. Parochial Area -

1. Salesian High School - The appeal information for Salesian High School was presented by Sam Robles, Principal and is being brought forward based on football only. Mr. Robles states Salesian High School has proven their football team could move up a division to play football, but does not qualify to jump to the top division and presented information supporting the case by reviewing competitive equity and historical data. He discussed how competitive equity and past history does not support the placement of Salesian High School into the football-only league they have been placed in. Jim McClune, Assistant Superintendent of the Los Angeles Archdiocese was present to speak on behalf of the Parochial Area Releaguings process since he served as Parliamentarian for that process. He presented information on behalf of the Parochial Area and stated the area's processes were followed. However, he also stated that he had been told that Salesian High School's placement into their current league was partly influenced by the fact that Salesian High School did not attend an informal meeting held prior to the beginning of the first Parochial Area Releaguings meeting so they were placed into their current league by default. A motion was made and seconded to accept the releaguings appeal of Salesian High School. Discussion held. The motion was accepted by vote of 13 in favor, 3 opposed, 3 abstentions.

1. Northern Area - Camarillo High School - The appeal information was presented by Mary Perez, Ath-

letic Director, and Glenn Lipman, Principal of Camarillo High School and is being made based on all sports. Ms. Perez reviewed various sports head to head comparisons and discussed how the lack of competitive equity, enrollment and geographical location issues were not considered in the releaguings process of the Northern Area, specifically related to competitive equity in football. She stated the other schools in the Pacific View League would like Camarillo High School back in the Pacific View League, and revealed all schools in the league are within the same school district. Mark Rose, CIF Southern Section Northern Area Representative presented information on behalf of the Northern Area Releaguings Chair, Tony Diaz. There were 19 proposals presented initially in the Northern Area, of which 15 proposals were included in the first round of voting and 8 proposals in second round of voting. There were two final proposals to be voted on and the final outcome was identified as Proposal 1B in today's Executive Committee packet. He stated there was no data presented on competitive equity or history by either side when discussion took place. It was noted that Camarillo High School dominates in 18 of the 22 sports in the Pacific View League. Bill Dabbs stated he made the original proposal and wanted to make an amendment, but was directed that an amendment would not be considered. He reviewed the Northern Area Releaguings Guidelines Procedures dated March 20, 2014, and read the by-law which states amendments can be considered only by the person who originally put forth the proposal. A motion made and seconded to accept the releaguings appeal. No discussion held. The motion was accepted by vote of 14 in favor, 3 opposed, 2 abstentions.

2. Newbury Park High School - The Releaguings Appeal information for Newbury Park High School was presented by Athol Wong, Principal. She stated the Conejo Unified School District schools were placed together in the same league through many of the various proposals considered during the Northern Area Releaguings process and there was no separate consideration given for Newbury Park High School. She reviewed enrollment comparisons, CIF Southern Section Championship and CIF State Championship statistics and league finish information for all varsity sports amongst all schools in the proposed league that Newbury Park High School was placed in. Mark Rose, Northern Area Representative did not address any issues brought forward by Newbury Park High School related to the Northern Area Releaguings process. A motion was made and seconded to accept releaguings appeal. No discussion held. The motion was ac-

cepted by vote of 13 in favor, 1 opposed, 5 abstentions.

3. Thousand Oaks High School - Lou Lichtl, Principal, Thousand Oaks High School presented information for the Thousand Oaks High School Releaguings Appeal. He reviewed and discussed Procedure 2.3 from the Northern Area Releaguings Guidelines Procedures stating an amendment was not allowed for consideration even though it is stated in the area's procedures that specific amendments could be considered. He said an official Roll Call was not taken prior to the first agenda item being discussed and voted on. According to his recollection, the issue of a two-year or four-year Northern Area Releaguings Process was discussed and voted on and he recalled that those votes were used as the official Roll Call. He stated a voting quorum was not present at the meeting and the Releaguings Guidelines were not adopted prior to the first issue being discussed, as evidenced by these actions. He reviewed the Northern Area issues of competitive equity but is basing the Thousand Oaks High School appeal on procedural processes not being followed by the Northern Area. Releaguings information was presented by Mark Rose. Mr. Rose stated there was discussion and disagreement during the Northern Area Releaguings meeting with regard to procedures. The disagreement on procedures was noted during the meeting and during discussion with Executive Committee members from the Northern Area who were in attendance at that specific meeting, and it was determined the official Roll Call was not appropriately taken for the meeting. A motion made and seconded to accept releaguings appeal. No discussion held. The motion was accepted by vote of 16 in favor, 1 opposed, 2 abstentions.

4. ADJOURNMENT

Rob Wigod, Commissioner reviewed the upcoming deadlines and procedures for areas who must return and begin the Releaguings Process and submit proposals to the CIF Southern Section. The meeting was adjourned at 11:10 a.m.
