COMMISSIONER'S CORNER

Playoffs

By Rob Wigod
Commissioner of Athletics

Playoffs? Playoffs? I just hope we can win a game!" Former NFL Head Coach Jim Mora, Sr. fashioned that quote several years ago at a post-game press conference in response to a question about the possibility of post-season play after his Indianapolis Colts team had lost that day. The point he was trying to make was whether his team deserved go to the playoffs after a season where their performance and their record were not too impressive. Now that our Winter Playoffs have concluded, I believe this is a good time to examine that concept as it relates to the current situation with our playoffs in the CIF Southern Section and evaluate what we are doing in this regard. Specifically, I wish to address CIF Southern Section Blue Book Rule 3214.1.

CIF Southern Section Blue Book Rule 3214.1 was adopted by the CIF Southern Section Council a few years ago. This bylaw allows for schools who did not earn a guaranteed entry from their league into the playoffs, in every sport but Football, Basketball and Wrestling, to qualify for the playoffs as an at-large team, as long as their school finished in the next place beyond that league's guaranteed number of entries and their school's overall season record of all games played was .500 or better. This rule has resulted in a large increase in the number of playoff teams in virtually all of our sports, which means much bigger brackets and more wild-card contests. In this difficult economic climate, that begs the question as to the costs involved with these additional games. We are well aware of the financial issues facing our member school's athletic programs, yet here is an example where our schools are paying significant transportation costs, official's fees, sometimes paying a facilities fee, adding supervision hours for their employees, which can result in overtime pay, needing to purchase additional equipment like baseballs and softballs, etc., for wild-card games in sports that do not generate any revenue to try and help defray those costs. In a section as large as ours, with some of the travel distances involved, these additional costs can run into several hundreds of dollars per game. Also, the competitive nature of many of

Column one is year to date standing, column 2 is the overall budget for the year, column 3 is the proposed schedule for next year, with the remaining information showing trend from years past. Marketing support is our "bread and butter" financially. This year, with our centennial celebration, we infuse the budget going forward as that expense will not exist next year. Football attendance was down this year with weather issues and match ups.

2. Proposal from Officials Fees/Relations Committee to be presented by Ralph Trigsted - Discuss - 0-0-1 in officials fees, 1-0-0 in mileage fees. Language revised in swimming and track and field areas abbreviating previously confusing language.

3. CIF State Swimming Championship - Discuss

5. REPORT SESSION -

A. President's Report - Jim Monico - Great job completing the fall championships; they were meaningful events for all who participated. Area placement process: given this was the first time through, it has been a smooth process. As it is ongoing, we hope for continued success with the system. "Championships for Character" event was fantastic, schools are encouraged to get involved and nominate deserving individuals. Thanks to FOX Sports for supporting the section and providing coverage of the many events in the Southern Section. FOX is also undertaking promotions and execution assistance of our 100 year celebration.

B. Commissioner's Report - Rob Wigod - 100 year anniversary is coming sooner than we know it. April 13th we will release the list of "100 Athletes for 100 Years". Each school will receive a year book commemorating the history of the CIF. CIF-SS Home is developing and improving

daily. We need your help touching base with your school directory information. New transfer rules have relieved the legal fees which were previously daunting the state and sections. We are spending 1/3 the dollars we have in the past. You have received updated meeting dates for the year. Please consult the calendar for those updates. Thanks to the administrative assistants for their summary (sent to all schools) for information needed by the office to help streamline the entry process and important dates to be observed.

"Champions for Character" golf tournament is coming June 18, 2013, a flyer was distributed today. We need your participation which gives us the opportunity to honor deserving student athletes for character, academics and attitude.

C. Treasurer's Report - Carter Paysinger - One hundred percent of membership dues were collected prior to December 31, 2012 and 50% of the marketing revenue has been collected to date. The sport of football has shown a 20% decrease but other fall sports came in on budget. Football expenses increased due to the addition of another stadium. There was a 25% increase in radio/TV rights revenue. There have been technology expenses ongoing with CIF-SS Home and improving the way we do business. There was an increase in salary costs due to the temporary overlap of office positions as well as the addition of temporary employees to cover staff shortage due to illness.

2. Proposal for addition of Bylaw 300.D Gender Identity Participation – Recommend Support - It was moved and seconded to support. The motion carried.

3. Commissioners' Proposal to define Bylaw 510, Athletic Motivation – Recommend Support - Discussion: This proposal intends to clarify Bylaw 510 as it relates to "Athletically Motivated Transfers". The State would like to clarify the wording as opposed to removing the bylaw. Rob Wigod provided historical information on the bylaw, the intention is: 1) clarify athletic motivation 2) define the camp and clinic relationship and 3) address the issue of social media. The bylaw wording should clarify the definition of tangible evidence in order to prove undue influence. The consequence of ineligibility as written is not consistent.

It was moved and seconded to support with one nay vote. The motion carried.

B. SOUTHERN SECTION ACTION ITEMS

1. Proposal from Pacific Coast League for addition of Bylaw 1903.1 to the Physical Conditioning Practice- Recommend Support - It was moved and seconded to support. The motion unanimously carried.

1. 2013-2014 Southern Section Proposed Budget - Mitch Carty reviewed the preliminary budget worksheet. He stated the revenue for football playoffs was soft, but he does not suggest a ticket price increase at this time and acknowledges there has not been a ticket price increase in seven years. He would like to wait and determine if a trend is developing before suggesting an increase. Marketing contracts are continually being sought in order to provide additional income to the CIF Southern.

Jim Monico appreciated the ability to review prior years on the budget worksheet to determine trends, and Rob Wigod acknowledged Mitch for the dedication and passion on his work with the budget.

The meeting broke for lunch from 11:40 a.m. to 1:03 p.m.

5. NEW BUSINESS -

2. Yeshiva High Tech - Discussion: Loren Kleinrock presented this school's application.

It was moved and seconded to allow for probationary membership for 2013-2014. The motion carried.

D. Undue Influence Sub-Committee Report - Nancy Kelly - Committee members:

Nancy Kelly, Loren Kleinrock, Carter Paysinger, Rob Wigod

Report given by Nancy Kelly: The focus of this committee is the growing perception of undue influence and the perceived non-action CIF Southern Section office. The committee is reviewing what actions are currently being taken and how to address the issue prior to it reaching the CIF Southern Section office.

The committee believes there is a need for enforceable rules and then continued enforcement of those rules. The leagues should self monitor and receive additional training on the issue, possibly even a designate a compliance officer appointed within the league. The officers may be school principals, which can assist with closing the gap between athletics and administration.

Without the ability to make personnel sanctions on coaches, the CIF Southern Section is limited in providing a real culture change with this issue. Rob Wigod requested a directive from the Southern Section Executive Committee to strengthen the ability to deter undue influence and guidance on the issue.

Jim Monico will prepare a letter to the CIF State attorney requesting guidance on the topics of coaching staff suspensions and making sanctions of personnel or schools public.

The committee will provide a report on moving forward with this issue at the Executive Committee meeting on April 24, 2013.

E. Officials' Fees Update - Glenn Martinez - Discussion held: The three year agreement will be presented at the Southern Section Council Meeting on January 31, 2013 by committee chairperson Ralph Trigsted.

1. Officials' Accountability - Chris Calderwood - Discussion held: Athletic director groups and leagues were polled regarding officials. Schools do not feel as if there is no accountability for officials except by their own organization. Chris Calderwood stated CIFSS Home is able to manage most of the liaison duties and suggested it may be time to reevaluate the liaison positions. The CIF State is not able to govern the officials' associations as independent contractors at this time due to financial and staffing limitations.

The Executive Committee is able to author bylaw changes and Blue Book rules. The CIF Southern Section administrative staff will discuss and report options to the Executive Committee at the meeting scheduled on April 24, 2013.

6. REPORT SESSION -

A. President's Report - Jim Monico commended the CIF staff for the championships at Anaheim Stadium. He encouraged everyone to attend the Hall of Fame awards ceremony, as it is very meaningful and the awards are well deserved. He also praised the continued work of the Assistant Commissioners and the Commissioner and the work of the Executive Committee on the discussions, input and concerns of the agenda items.

B. Treasurer's Report - Carter Paysinger reported all membership dues were paid and all schools were in compliance prior to winter break and commended Mitch Carty on his work to make sure that was complete. An additional \$100k will be available in the budget after the 100th Anniversary, as that amount is currently being allotted for the celebration expenditures. A staff

salary increase is reflective of transition between the retirement of Pat Schmidt and hiring of Heather Smith in the Executive Secretary position and overlap that took place and the temporary hiring of Paul Castillo to fill in Scott Raftery's position. Cost of living adjustments for staff salaries will not take place in 2012-2013.

C. Commissioner's Report - Rob Wigod stated he is enjoying the weekend with everyone and he is happy that all Executive Committee members were able to attend. He reminded everyone of the 100th Anniversary event being held in Los Angeles at the AT&T U-verse Theater on Saturday, April 13, 2013 at 4:00 pm. The theme for the event is "100 Athletes for 100 Years" and will be written and televised by Fox Sports West. A yearbook is being created by Thom Simmons and Jacqueline Herkins for the event which will be distributed to schools. Fox TV will also be airing vignettes weekly highlighting CIF athletes leading up to the event.

He requested help with the directory information, and asked all Executive Committee members to reach out to their contacts to ensure data is entered into the system.

these games leaves much to be desired. In many, many cases, these contests are not matching teams who should be matched up and what results from that situation are non-competitive games with lopsided scores making it a difficult situation for both schools involved. I am including an examination of data from the past four years in the sports of Baseball, Softball, Boys/Girls Soccer and Boys/Girls Water Polo which indicate the win-loss records of at-large teams who qualified for the playoffs through Rule 3214.1 who played in First Round contests in those sports during this period. I believe you will see that these numbers are very compelling.

I truly believe in the value of the high school athletic experience and participating in our playoffs is certainly a part of that. However, I wonder what kind of experience it is for student-athletes, coaches, administrators, parents and fans when we look at the brackets after First Round games and see baseball and softball teams losing by 15-20 runs, soccer teams losing by 5-10 goals and water polo teams losing by 10-15 goals after taking long trips to those games and paying significant costs to do so. Is that really the lasting memory we wish to take away from the end of our seasons?

At a time when standards are being

raised every year, in relation to high school test scores and college admissions, CIF Southern Section Rule 3214.1 does the opposite, as it lowers the standards for participation in our playoffs. I wonder what message that is sending to all involved.

In the time ahead, I ask that you initiate a discussion with your leagues and schools in your area to gauge where they are on this issue. I plan to do the same with our Executive Committee at our upcoming meeting on April 24.

Thank you for your consideration and I look forward to the discussion to come.
